

CHILDREN'S FOOT SIZE CHART

Welcome to the INSTEP FOOTWEAR foot size guide, the easy and convenient way to ensure that shoes purchased over the internet will fit your child correctly.

Follow the simple instructions below to trace the outline of your child's feet onto the pages provided and fax or post back to us with your order.

STEP 1:

Print both of these pages using your desktop printer.

STEP 2:

Remove shoes and socks, and place the LEFT heel against the line.

STEP 3:

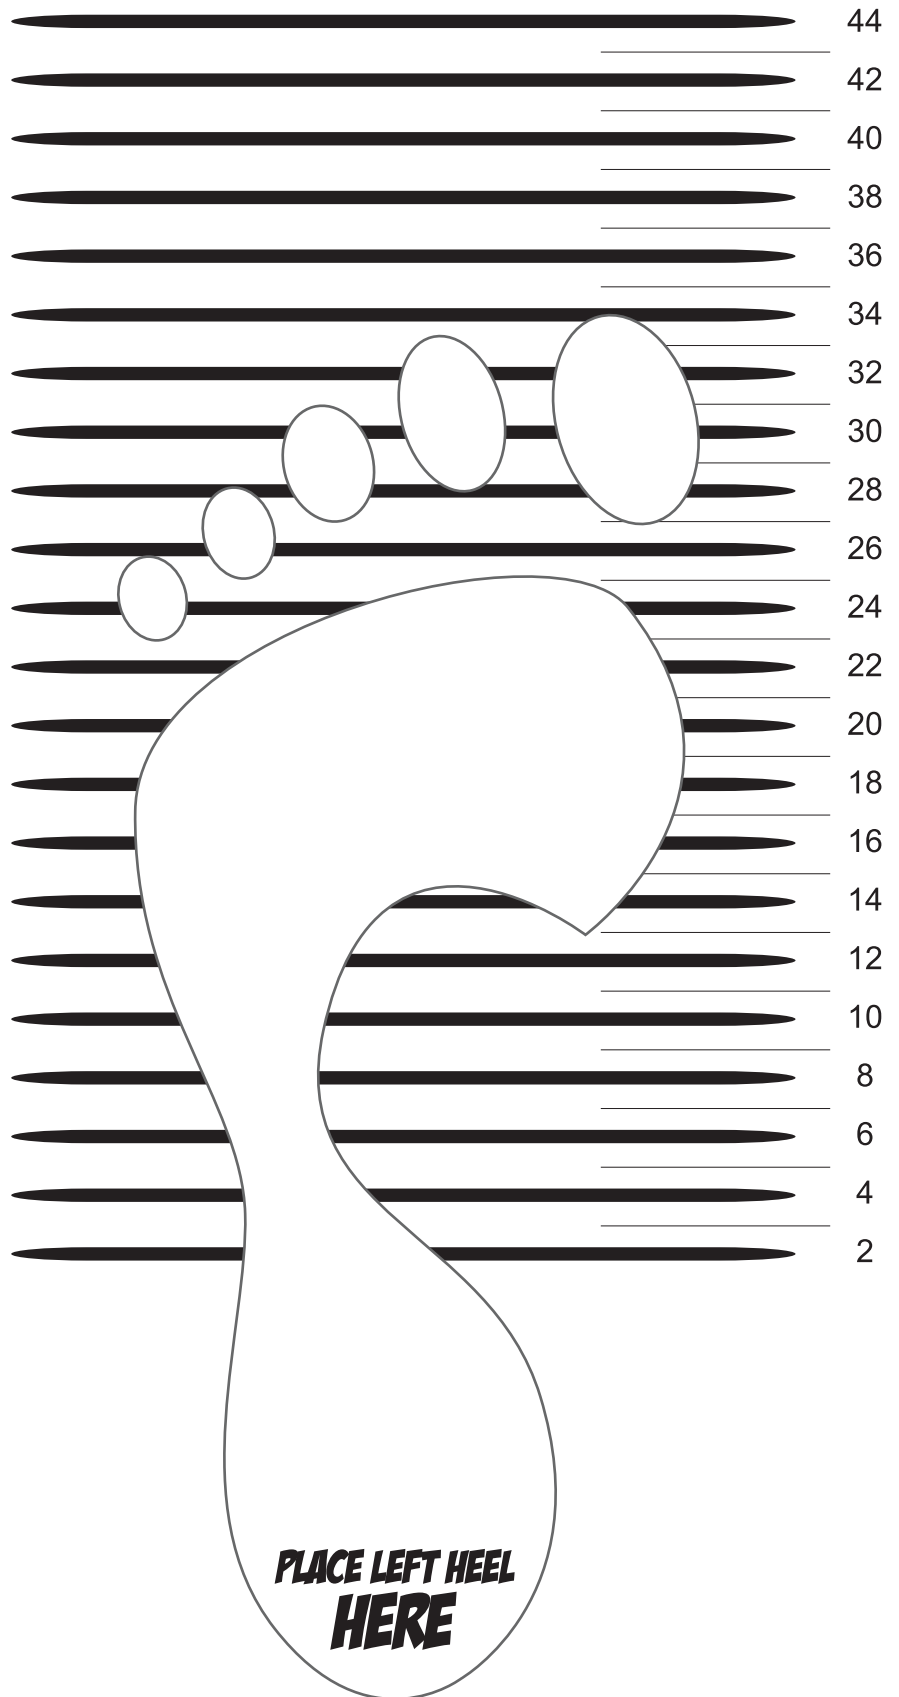

Using a dark pen trace the foot onto the paper.

STEP 4:

Repeat Step 3 on the other page for the RIGHT foot.

STEP 5:

Fax, post or scan and email both of these sheets to us with your shoe details.

TIPS:

- * Place the paper on a hard surface like lino or wood before starting your tracing as carpet will distort your outline
- * Hold the pen or pencil vertically as you trace
- * Most people have one foot slightly longer than the other
- * Please advise us of any foot problems
